The CSSF, Commission de Surveillance du Secteur Financier (www.CSSF.lu), is responsible for supervising Santander Asset Management Luxembourg S.A in relation to this Key Information Document.

This PRIIP ("Packaged retail and insurance-based investment product") is authorised in Luxembourg.

LEOPARD FUND is authorised in Luxembourg and is supervised by the Luxembourg financial authority, CSSF.

Document published: 01/01/2023

What is this product?

Type

GLOBAL PORTFOLIO 26 (the "Sub-Fund") is sub-fund of a LEOPARD FUND FCP, a UCITs incorporated in Luxembourg.

Term

The Sub-Fund is established for an unlimited period. The Sub-Fund may not be unilaterally terminated by Santander Asset Management Luxembourg. The Sub-Fund can be dissolved early and liquidated in the cases set out in the prospectus and the articles of incorporation of the Fund.

Objective: The objective of this Sub-Fund (whose reference currency is EUR) is to maximise medium to long term returns.

Investment policy: This Sub-Fund invests in a broad range of world-wide transferable securities, without any restriction or limitation on diversification of the industrial sector or geographical area, maturity or currency. A wide range of investment products will be used, such as equities, bonds, warrants on transferable securities in order to materialize the investments.

The Sub-Fund seeks to use any techniques and instruments to hedge or to protect against currency exchange risks. The Sub-Fund may also employ techniques and instruments relating to transferable securities. The Sub-Fund may invest, in aggregate, up to a maximum of 50% of its net assets in Undertakings for collective investment in transferable securities and/or other Undertakings for collective investment.

The Sub-Fund may use derivatives with a view to reduce the risk of investment positions or for efficient portfolio management or as a part of the investment strategy.

The Investment Manager will, in any case, invest in UCITs and eligible UCIs managed by first-rate fund management companies with a wide experience in the markets and a high degree of solvency, considering the

volume of assets under management. The choice of underlying UCITs and UCIs will also take into account the management quality of the investment manager, the past returns achieved by the underlying fund, the risk/return ratio and the volume of assets of the underlying fund.

The Sub-Fund is actively managed and it is not managed in reference to a benchmark.

Net asset value calculation frequency: Bi-monthly, the fifteenth day of each month and the last Business day of each month.

If such day is a bank holiday in Luxembourg, the net asset value shall be calculated on the previous bank business day.

The investor has the possibility to obtain the reimbursement of his/her units on request if his instructions arrive the day preceding the calculation of the Net asset value before 1 p.m. Luxembourg time.

This is an accumulation unit class in EUR.

Nevertheless, each year upon the closing of the accounts of the fund on 31st December, the Management Company will determine if and to what extent distributions are payable to the unit holders of the Sub-Fund.

Intended retail investor:

This Sub-Fund may not be appropriate for investors who plan to withdraw the money within 3 years.

Depositary: J.P. Morgan SE, Luxembourg Branch.

Copies of the Prospectus, the Key Information Document, the annual and semi-annual financial reports of LEOPARD FUND and the Articles of Incorporation can be obtained, free of charge, at the registered office of LEOPARD FUND (43, Av. John F. Kennedy, L-1855, Luxembourg, Luxembourg), of the Management Company or of the Depositary Bank. Such documents are also available on www.santanderassetmanagement.lu.

What are the risks and what could I get in return?

Risk Indicator

Lower risk

Higher risk

The risk indicator assumes you keep the product for 3 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will

lose money because of movements in the markets or because we are not able to pay you.

We have classified this Sub-Fund as 5 out of 7, which is a medium-high risk class. This rates the potential losses from future performance at a medium-high level, and poor market conditions will likely impact the Fund's capacity to pay you.

Beside the market risks included in the risk indicator, other risks may affect the share performance:

Credit, Liquidity, Operational, Sustainability, Currency, Derivatives, Market, Interest Rate risks. Please refer to the Prospectus for full details about the risks associated with this fund.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Performance Scenarios

What you will get from this Sub-Fund depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.

Recommended holding period:		3 years	
Example Investment:		€10,000	
		If you exit after 1 year	If you exit after 3 years
Scenarios			
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you might get back after costs	€4,070	€3,710
	Average return each year	-59.30%	-28.14%
Unfavourable	What you might get back after costs	€7,110	€7,130
	Average return each year	-28.90%	-10.66%
Moderate	What you might get back after costs	€10,800	€11,530
	Average return each year	8.00%	4.86%
Favourable	What you might get back after costs	€15,880	€16,160
	Average return each year	58.80%	17.35%

The figures shown include all the costs of the Sub-Fund itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable scenario: this type of scenario occurred for an investment between 2017 and 2020.

Moderate scenario: this type of scenario occurred for an investment between 2014 and 2017.

Favourable scenario: this type of scenario occurred for an investment between 2012 and 2015.

What happens if Santander Asset Management Luxembourg is unable to pay out?

The investor may not face a financial loss due to the default of the PRIIP Manufacturer.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario
- EUR 10,000 per year is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	€631	€2,210
Annual cost impact (*)	6.3%	6.3% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 11.2% before costs and 4.9% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

Composition of Costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	€0
Exit costs	We do not charge an exit fee for this Sub-Fund, but the person selling you the product may do so.	€0
Ongoing costs taken each year		
Management fees and other administrative or operating costs	6.3% of the value of your investment per year. This percentage is based on actual costs over the last year.	€627
Transaction costs	0.0 % of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	€4
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Sub-Fund.	€0

How long should I hold it and can I take money out early?

Recommended holding period: 3 years

This product has no required minimum holding period but is designed for long-term investment; you should have an investment horizon of at least 3 years. Subscription, conversion and redemption applications lodged with the Registrar and Transfer Agent in Luxembourg on any Dealing Day (whereas a “Dealing Day” is any full Business Day preceding a Valuation Day) before 16:00 Luxembourg time (the “cut off time”), will be processed on that Dealing Day, using the net asset value per Share determined on the next Valuation Day for the relevant Class.

Please contact your broker, financial adviser or distributor for information on any costs and charges relating to the sale of the shares.

How can I complain?

If you have a complaint about the Sub-Fund or about the conduct of the manufacturer or the person or entity advising on, or selling, the product, you can submit your complaint in the following way. Complaints should be addressed to: <https://www.santanderassetmanagement.lu/document-library/policies> - at the registered office of LEOPARD FUND (43, Av. John F. Kennedy, Luxembourg, Luxembourg) - samlux@santanderam.com - samlux@santanderam.com

Other relevant information

The Net Asset Value per Share of each Class within each Sub-Fund is made public at the registered office of the Company and of the Management Company and is available daily www.santanderassetmanagement.lu.
